my birth support packages are fully
flexible and customisable

let's chat about what you need!

I offer two standard birth support packages that I find will suit most women. However, I am always happy to alter them as needed!

My first package is a comprehensive doula service, for full support throughout pregnancy, birth and postpartum. Perfect for those who want to organise themselves with support at every stage.

My second package is ideal for those who want support through pregnancy and birth, but either need less support in postpartum or are working to a tighter budget.

with every booking:

All my packages also include:

- no-obligation meet & greet (1 hour)
- support via phone/email throughout
- access to my doula labour tool kit
- access to my doula book library
- back up doula as/if required

I believe in being very transparent about my pricing, and I am more than happy to discuss it in detail and make adjustments to the inclusions to suit individual needs, including budgets.

Please let me know how I can help you be supported in birth.
